### Repair of Rainy Slough Bridge

By Fred Davis

On April 23, 2015, Loxahatchee Chapter volunteers repaired the Rainy Slough Bridge that was damaged during a prescribed fire in Jonathan Dickinson State Park. This bridge is on the White Loop Trail which is a popular day use trail in the park, so a quick repair was essential since the damaged bridge was impassable.

The park provided all the materials for the repair and was of great help transporting the new bridge material and our equipment to and from the work site, helping to set the new foundation of the bridge and removing the remains of the old bridge.

The repair crew included Tony Rawson, Craig Custer, Roy Moore, Rick Binder, Dean Drake, Scott Lunsford, and myself. Our seasoned crew made short work of the repair. The old decking was removed, one new pole was set, new decking and an edge rail were installed in four hours of work. As we finished the job the expected showers arrived, thus we completed the repair of the Rainy Slough Bridge in the rain. However everyone remained in good spirits.

My thanks to the crew for a job well done and to the park for all their help.

### Mother's Day Wildflower Walk

By Paul Cummings

A big crowd gathered for the Mother's Day wildflower walk in Jonathan Dickinson State Park on Sunday, May 10. There were plenty of wildflowers to look for.

Several dozen were identified, many of them were in the yellow range, but there were also a lot of pinks, and a few other colors.

We did watch a yellow rat snake about four feet long sunning itself and finally going into a gopher hole. The Ospreys were nesting and the woodpeckers were out pounding on the trees.

It was a great day with a nice group of people and a good gathering for lunch afterward. #

## A Pleasant Weekday Ramble

By Dave Cook

As the rising sun brightened the eastern horizon on Wednesday, June 13<sup>th</sup>, 10 adventurers carpoled from Riverbend Park bound for the southern Florida "outback." After breakfast at the western-motified Cracker's Café in Indiantown, it was off to Kissimmee Prairie.

Near the entrance to the 54,000 acre preserve we observed crested caracaras, deer, and racoons. Recent rains made it practical to hike several shorter trails of which Laura's Loop seemed to be the favorite and also offered the most shade. The final stop was the Peavine Trail where we saw alligators and many fish.

Lunch was at the nearby Prairie Place Diner in Basinger, and then on to the Yates Marsh section of the Florida Trail. A plethora of lovely wildflowers decorated the edge of the marsh. It was then overwhelmingly voted to stop at the Brown Cow Ice Cream and Fudge Shop in Downtown Okeechobee on the way home.

All agreed it was a funfilled, educational day. #

## ***LOXAHATCHEE CHAPTER***

---

### **Dear Members and Friends of the Loxahatchee Chapter,**

Our Chapter needs funds to replace our mowers. We have two mowers which we use to maintain our 100 miles of trails. Each year we mow trails, either by using one mower and mowing a section in both directions or using two mowers one behind the other. This means that each mower essentially covers all the trails at least once during the season. Several years of operation mean several hundred miles on each mower. As you can see, the toll on the mowers is substantial. One of the mowers has deteriorated beyond repair. Even though the other mower with several years of operation is still useable, it too will need to be replaced in the near future. Therefore, we are asking you to consider donating to the Chapter's trail maintenance fund which will be used first to replace the worn out mower and then to replace the second mower when needed. Our initial goal is to raise \$5,000 so that we can buy one new mower and be prepared to hit our fall maintenance schedule.

This past year the trail maintenance volunteers worked 1200 hours and drove personal vehicles 12,000 miles to maintain our trails. Mowers are an essential part of the equation in getting this substantial volunteer effort accomplished, and we ask that you make a donation of your choosing to the Loxahatchee Chapter to help out in this essential need.

Checks should be made out to: ***Florida Trail Association, Lox Chapter*** and sent to:

**Florida Trail Association, Lox Chapter  
9887 Cross Pine Court  
Lake Worth, FL 33467**

We add a sincere note of appreciation for the support members and friends of the Loxahatchee Chapter have previously given to support the Chapter and the Ocean to Lake Hiking Trail.

Regards,

Roy Moore
